## A little backstory about your new Activities Director

Cory is soon to be 30 and a native of Youngstown, Ohio. In his spare time, he does music journalism for fun, enjoys spending time with his family and animals, watching movies, reading, being out by the beach or pool, or just enjoying the beautiful Florida weather. He will soon be completing 2 different bachelors degrees in both General Studies and in History. Most would never guess that Cory once worked at a Bonsai nursery when he lived in Mississippi and enjoys plants and wildlife, so if you need someone with a green thumb or would like somewhere to look for a new plant, just give him a shout! Another random fact would be that Cory has Celiac disease, which more or less is an allergy to gluten and was diagnosed when he was just 3 years old. Due to this, Cory has learned to cook at an early age and loves to learn new meals and try new and interesting foods, so if you have a great local restaurant that you'd recommend, let him know and we could check it out! He's always open to new suggestions so should you have an activity you'd like to do, just come on into his office and speak with him!

### IMPORTANT THINGS TO LOOK FOR THIS MONTH

1. Water Aerobics will be discussed at the Resident Meeting and will be every other Saturday (weather permitting).
2. Book Club—At the first one we will decide on a book and going forward either meet every other week to discuss or listen to a few chapters on audiobooks!
3. At the end of the month, we will vote for both "resident" and "employee" spotlight, who will be featured in next months Chronicle!
4. I've selected a handful of movies to watch throughout the month. I'll be distributing a sign up sheet for potential movies/shows you might wish to watch, and going forward we'll be able to watch them!
5. We just acquired a Nintendo Wii, so we will be playing games on there including sports games, trivia, etc. every Tuesday in 1L.
6. Poker night has moved from Friday to Thursday.
